# How to Use

## Where to Use

The donut can be used on any flat, hard surface and is typically used in the following scenarios:

- ✓ Office
- ✓ Dining Room
- ✓ Car
- ✓ Airplane

Don't be limited – use it wherever you need comfort and support when sitting.

## Product Care

Your cushion comes with a convenient removable cover.

Simply unzip the cover from the foam for machine washing. The foam is not washable.

Tumble dry the cover on low heat for a short time or air to dry.

Please note the foam will turn a yellowish color when exposed to air and light. This is normal and does not affect the performance of the product in any way.
